

Compatible Implant System

Release Note Date: 2025-08-25

1. Update **Argon** MUA information.

Release Note Date: 2025-07-04

1. Remove **Straumann** from Kit-A

Release Note Date: 2025-06-03

1. Merge BioHorizons and Camlog under the
brand name: BioHorizons Camlog.

2. Add **Conelog and Camlog Multi-Unit Abutments**
(MUAs) to the Camlog system.

Implant System

SHINING 3D
DENTAL

The Aoralscan Elite is designed to quickly and accurately capture implant positions, ensuring the passive fit of full-arch restorations. It needs to be performed at the **Abutment Level** with **Multi-Unit Abutments**.

Four high-accuracy coded scan body kits (**HACS-A, B, C, D, E and F**) are available to fit different implant system MUAs. Before use, please refer to the instructions to confirm and select the correct HACS kit.
